

## OUR FACILITIES

[NEWS](#) | [METINVEST](#)

UNITED COAL COMPANY IS THE SIXTH LARGEST METALLURGICAL COAL PRODUCER IN THE U.S., WITH AN ANNUAL VOLUME OF MORE THAN 4 MILLION TONS.

Over the years, UCC has pursued an aggressive growth plan, adding new equipment and upgrades to ensure safe, environmentally friendly operations at all of its locations. The company owns 17 mines in three states and employs more than 1,200 people.

In August 2009, United Coal Company moved into its new corporate headquarters at 110 Sprint Drive in Blountville, Tenn. A staff of 34 employees work out of the Blountville office, which combines all corporate activities and executives in one location, including legal counsel, risk management, accounting, purchasing, information technology, human resources and sales – departments previously located in Teays Valley, W.Va., and Bristol, Va.

Headquartered in Johnson City, Tenn., the company operates six subsidiaries in three states:

### VIRGINIA OPERATIONS

- Wellmore Coal Company – Big Rock, Va.
- Grundy VA not Big Rock VA.

### WEST VIRGINIA OPERATIONS

- Affinity Coal Company – Midway, W.Va.
- Carter Roag Coal Company – Mill Creek, W.Va.
- Pocahontas Coal Company – Beckley, W.Va.

### AFFINITY COAL COMPANY

### CARTER ROAG COAL COMPANY

Carter Roag Coal Company has operated as a subsidiary of United Coal Company since 2004, when UCC purchased permitted reserves in Randolph and Upshur counties in West Virginia. The property had produced mid- to high-volatile metallurgical Sewell coal for several decades.

Carter Roag now has more than 100 employees and mines 600,000 tons of coal annually. The company operates one deep mine – Pleasant Hill – located near Mill Creek, W.Va. Pleasant Hill is the only operating underground mine in Randolph County. Carter Roag's coal preparation facility, the Star Bridge plant near Helvetia, W.Va., is a 500-ton-per-hour operation.
